

APPLE FILLING (USING PETTINA APPLE MIX)

INGREDIENTS

Group 1

Ingredient
Pettina Apple Mix
Water (hot)

KG

5.000

14.000

Total Weight: 19.000

METHOD

1. Place PETTINA APPLE MIX and hot water (60°C) into a clean mixing bowl.
2. Blend on slow speed.
3. Ready to use when cool.

Notes: For quicker hydration, use boiling water.

To avoid the possibility of separation of apple pieces if a smaller quantity is weighed out, it is best to use the entire contents at a time.
